Mrs. Vebha Gawde

(Mother of Janhavi Gawde)
VP - Group Internal Audit,
Kotak Mahindra Bank Ltd.

I remember doing a lot of research on which College to send my daughter to after her 12th Board Exam. I wanted a smooth transition for her from a protected environment to a bigger environment where she is able to spread her wings under the benevolent watch of experienced and effective mentors. UBS more than met all my requirements.

A B-school, equipped with an amazing campus facilities, a collaboration with a globally recognized University, faculty with Industry experience, discipline and an amazing curriculum with a wide spectrum of activities and projects which push the students to undergo rigorous practical assignments, compulsory summer internship, presentations, industrial visits et el. These make them Industry ready with oodles of confidence to face the rigors of real life.

I have seen my daughter an otherwise reticent personality flourish into a confident young women ready to face any situation due to the exposure she has got across case studies, cultural events, marketing events hosted by UBS. UBS builds the spirit of entrepreneurship in the students.

Before I sign off I want to highlight the personal attention that the faculty members bestow on the students and guide them towards the desired goals and the administrative staff who can be relied upon in case your child needs help be it ill health, ensuring discipline in the student's traffic to and from the campus etc.

A big thank you to Universal Business School in shaping my daughter's personality and making her ready to transition smoothly into a fruitful career (UBS ensures placements for each of their student).

I would like to thank UBS from the bottom of my heart for having provided my son with such great exposure, be it in terms of its phenomenal quality of education that focuses on experiential learning or be it in terms of the all round development that my ward has achieved during his PGDM. Sessions like the IER have greatly helped my ward to groom himself in terms of public speaking and build self-confidence. Lectures by eminent industry professionals provided my ward with great oportunities to gain valuable insights about the corporate world. The Erasmus Scholarship Program provided my son with great international exposure during his semester aborad program at the University of Economics, Varna, Europe. I am very much grateful to Prof. Vijay Tandon for the constant updates that we used to receive via e-mails regarding my son's progress. Also, once again, I would like to thank Prof. Tarun Anand and all the faculties at UBS for having provided my son with such a rich and wonderful experience during his PGDM Program of 2 years.

Dr. Anita V Pai

(Mother of KP Govind Mallan)
Gynaecologist

I am extremely grateful to UBS for having played a pivotal role in transforming my son's career path. The focus on all round development provided by UBS has helped my son to work on his weak aspects and transform them into his strengths. Involvement in club activities has taught my ward a lot about time management and people management which is helping him to a great extent in the corporate journey that he is going through today. It has also instilled a lot of leadership qualities, thus transforming my son into a better individual on the whole. The quality of education at UBS which focuses on aspects like experiential learning is something which has greatly aided my son in gaining entry into the corporate world. Once again, I would like to thank Prof. Tarun Anand for having created such a wonderful B-School and also all the faculties at UBS, especially Prof. Vijay Tandon for having been a great source of support and inspiration for my son at every step during his journey at UBS.

Mrs. Hema Menon

I am writing this testimonial with lots of love and gratitude for all the support and great services that you had provided for my son in the past two years in Universal Business School (UBS). Akhil has achieved many goals and milestones in his tenure at UBS and he continues to strive forward in order to overcome and achieve more goals on the road that lies ahead. UBS has become like a family to us. As a parent, I would like to take this prospect to thank the teachers for their continuous care, support, collaboration, and most importantly patience. I have witnessed massive and exponential development in my son in every aspect of his life. He joined IDFC FIRST BANK Ltd as Management trainee and is currently working as Territory Sales Manager (Home Loans) in 18 months and I am sure he will reach heights in years to come.

Thank you for always lifting us up and for believing in Akhil and his future. It is empowering to be a part of an institute that believes and hopes and dreams for the best for each child. Thank you for the opportunity to be a part of the UBS Family.

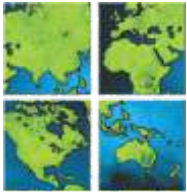

Mr. Ghanshyam Lalwani

(Father of Sanjana Lalwani)
Entrepreneur

Hello everyone my name is Ghanshyam Lalwani, the proud father of Sanjana Lalwani. I am writing this testimonial with lots of love and gratitude for all the support that you had offered to my daughter in her tenure at Universal Business School.

UBS is an innovative way to educate. It places like-minded students working together for the common goal. It has done 360 degree transformation in my daughter. She has become more confident and motivated towards her goals. She got placed with IDFC First Bank with the help of UBS's wonderful college placements team. She started as management trainee and is now at Deputy manager grade. I am very grateful to her professors for their guidance through out her journey.

Housing, classroom and all amenities are top notch, making it a very comfortable atmosphere for students. The program director, Elora Basumatary always keeps parents in the loop and is very responsive to any concerns/questions. Very happy with our decision to choose UBS for our daughter.

Mrs. Nidhi Negi.

(Mother of Madhur Negi)
Vice Principal,
Divine Public School

I hope you and your loved ones are doing well and keeping safe !

I would like to share with you that I am proud to say that my son, Mr. Madhur Negi, has been groomed really well for the corporate world by Universal Business School. I still remember the day he left home to join UBS to pursue his Cardiff Met. MBA program, I was a bit worried as it was the first time he was moving away from home. But, I got to see huge changes in his professional etiquettes and 360 degree change as a human being.

I still remember how we used to tell us about the one on one mentoring process and how the faculties are helping him in improving his skills. Being a mother, I could see my baby boy turn into a man. Madhur is currently working as Corporate Manager-Marketing and Sales at My Inbox Media.

Professor Elora, you being the Director of Cardiff MBA Program, I would like to thank you from the bottom of my heart for mentoring my child like your own. I would say all your efforts have resulted in him getting two letters of appreciation and one promotion in only the first year of his corporate life.

I would again like to take this opportunity to thank you and the Chairman, Mr. Tarun Anand for helping students in shaping their future.

Universal Business School is surely a place, "Where CEOs are made !"

Mr. Abhishek Paliwal

(Brother of Charul Paliwal)
Data Engineer,
KPN Telecommunication

I could not still believe how fast time passed by, while ago, we were concerned about my sister's master's degree.

We have decided to get her admitted to UBS, And it is always a tough call to send your loved ones to hundreds of miles away for study.

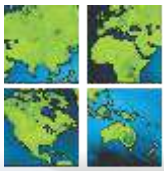

Looking at her journey now, we do not have one cent of regret on our decision. She has transformed completely and come out of as professional. Post her academy, i noticed that she got a mastery to say her opinions and also confident to put forward her viewpoint.

The motto of UBS i.e. transforming life's is absolutely correct, I have seen Charul transformed mentally and now I can proudly say she is strong emotionally and very well groomed professionally.

All the practical insights helped her a lot during the start of her career. I really like the concept of ELC, a student oriented company, this made herself confident and prepared her for corporate life.

Also with the help of Cardiff metropolitan degree of MBA it is easy for her to get a job in Amsterdam also, so the concept of dual degree is highly appreciated.

I heard a lot about Tarun Anand Sir, Elora ma'am from her and all I can say is Thank you for leaving your positive mark in her life.
