It's time to deepen our links with India - and our universities are showing the way

Business, government and universities all have a part in helping the historic relationship between India and the UK grow and flourish

Prime Minister Theresa May and Indian Prime Minister Narendra Modi walk through the gardens of Hyderabad House in New Delhi

The relationship between the UK and India can be summed up with two words: opportunity and openness.

Initiatives such as the UK-India Business Council's CEO Forum and 2016's UK-India Year of Education, Research and Innovation are all helping to build new and stronger bonds. And to recognise this work, the CBI has recently published a report with Middlesex University entitled Bridges to the future: the role of universities in the UK-India relationship.

Interchange - For example, Cardiff Metropolitan University's partnerships with Planet EDU-QAI and Universal Business School is an excellent example of the fruits that are borne through the interchange between business and universities in both countries.

Cardiff Met also has a partnership in India with Universal Business School (UBS). The residential campus is in Karjat, an hour's drive from Mumbai. Currently, UBS has two courses with Cardiff Met, MBA and BA business and management (BABM).

The partnership is expanding steadily and there are long-term plans to expand the courses available. UBS has excellent links with industry, and has a governing body comprising over 50 eminent academics and business leaders from India and beyond. Students therefore benefit from a wide array of guest tutors to enhance their academic learning.

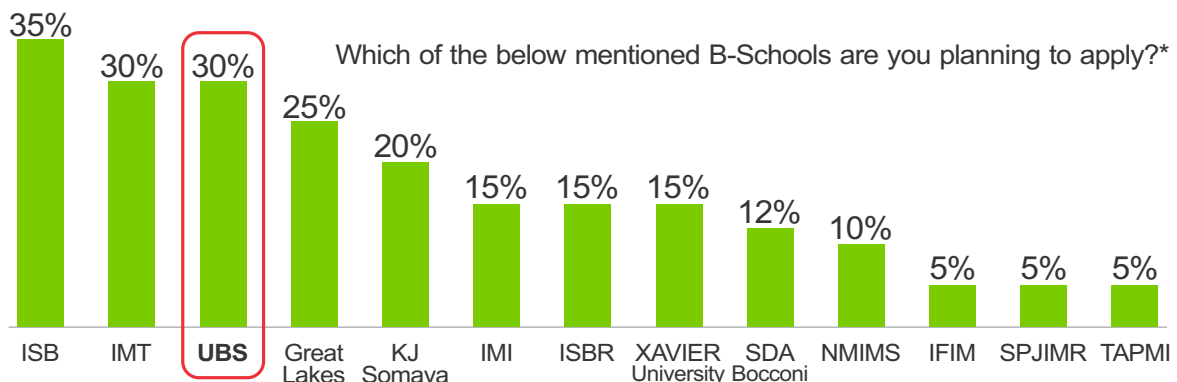

UBS is the 2nd Most Attractive B-School in INDIA by Foreign Students

B-SCHOOL: The Ready-Reckoner PRIDE OF MUMBAI - Top 4 B-Schools

Mumbai, India's business capital has established leading B-schools which have consistently been ranked in the top B-schools across India. Here's the evaluation of the top AICTE approved private B-schools, on a range of critical factors: Input criteria, transformation on campus, placements and return on investment (RoI). All these B-schools are providing a high quality program which ensures access to opportunities at leading companies.

INPUT CRITERIA

Quality & Diversity of Intake

Students thrive in an arena of high calibre classmates who they can learn from. Towards this, SPJIMR has mastered the art of selecting the best quality students on the basis of their overall profile (academics, extra-curricular prowess, work experience, leadership, communication and entrance exam). Today, CEOs stress the importance of diversity as a key success factor in solving critical business challenges.

Student Strength

A large cohort is inversely proportional to the quality of delivery and it adds to the competition which every student has to endure. In this regard, SPJIMR and Universal Business School (UBS) score over NMIMS and Welingkar as they have 240 PGDM students versus 450-plus in the latter B-schools.

TRANSFORMATION ON CAMPUS

Quality Faculty

The most important factor whilst selecting a B-school is the faculty given students spend 1,200 hours a year in classes, making presentations, solving case studies or participating in workshops. If the professor is inspiring, the learning process becomes exciting. Faculty at these B-schools have served in top management positions of large companies for 10-15 years.

RANKING	CRITERIA	FIRST	SECOND	THIRD	FOURTH
Input	Quality & Diversity of Intake	SPJIMR	NMIMS	Welingkar	UBS
	Student Strength	SPJIMR	UBS	NMIMS	Welingkar
Transformation on Campus	Faculty	SPJIMR	NMIMS	Welingkar	UBS
	Global Context	UBS	SPJIMR	NMIMS	Welingkar
	Experiential Learning	SPJIMR	UBS	Welingkar	NMIMS
	Sports Integrated Program	UBS	SPJIMR	NMIMS	Welingkar
Output	Average Package	SPJIMR	NMIMS	Welingkar	UBS
	Highest Package	UBS	SPJIMR	NMIMS	Welingkar
	Return on Investment	UBS	SPJIMR	NMIMS	Welingkar

Global Context

In the current business world scenario, it is critical to understand and interpret global events and their impact on business. UBS was the first B-school in India to give an AICTE approved PGDM under the foreign collaboration route with Cardiff Metropolitan University, UK allowing students to follow a global curriculum and pedagogy and get the advantage of a Global Degree.

Experiential Learning

This impacts student engagement and ensures the highest level of understanding. SPJIMR with its value-based learning and UBS with its Thomson Reuters Global Trading room have clearly demonstrated innovative strategies towards providing a near 100% practical learning experience.

Sports Integrated Program

Young managers today have 12-hour workdays, not including commuting time requiring them to stay fit and have high energy levels. About 98% of the B-schools do not have any sports facilities leading to health breakdowns. UBS along with Edusports provides a sports integrated curriculum after the successful pilot at IIM-Bangalore. UBS has floodlit grounds for football, cricket, touch rugby, basketball, volleyball and badminton.

OUTPUT CRITERIA

Placements

SPJIMR has been doing a fantastic job on placements which has resulted in it being in the top-4 B-schools in India. All these B-schools regularly attract top MNCs to campus.

Return on Investment (RoI)

RoI is a critical consideration for students, where $RoI = \frac{\text{Total salary earned at the end of three years from commencement/ tuition fee}}{\text{Total salary earned at the end of three years from commencement/ tuition fee}}$. SPJIMR with its high average salary delivers a high RoI and UBS with its one-year MBA Degree allows for a high RoI as students save one year of their life.

B-School	Tuition Fee	Avg. Salary	Highest Salary	ROI (After 3 years)
SPJIMR	Rs 14.6 Lakh	Rs 19.3 Lakh	Rs 37 Lakh	132%
NMIMS	Rs 13.15 Lakh	Rs 17.07 Lakh	Rs 30 Lakh	130%
UBS	Rs 8.48 Lakh	Rs 6.57 Lakh	Rs 1.01 Crore	155%
Welingkar	Rs 8.6 Lakh	Rs 7.07 Lakh	Rs 22 Lakh	82%

Truly Global Business Schools in India

Going Abroad for an MBA v/s Doing your MBA in an International Business School in India

The dream of every India MBA aspirant is global exposure. Four private Indian B-schools come closest to giving their students a feel of being on a global campus. These institutions are specialists (unlike Universities who are generalists) and focus all their resources in delivering world class MBA education. They have all developed Industry Integrated programs, excellent faculty, innovative pedagogy and ensure that their students get opportunities in leading companies. They are all led by Ex-cos who have exceptional global backgrounds.

Indian School of Business, Hyderabad

Founded by Rajat Gupta, Former CEO of McKinsey & Anil Kumar from Harvard and Wharton respectively who with the help of Wharton Business School & Kellogg School established India's first truly Global Business School, which featured in top International rankings. They grew to 850 students spread over two campuses in Hyderabad & Mohali. They have Academic alliances with Fletcher School, Tufts University and Wharton School to develop Institutes

SP Jain Institute of Management, Mumbai

Established by the Bharati Vidya Bhavan, SPJIMR has grown in stature to command respect from corporations across India and abroad. SPJIMR became the only Asian institute invited

by Aspen Institute, US, to develop Programs and has a Partnership with IBM for research. What was unique of SPJIMR is that they limited the number of students of the Flagship program to just 240 and resisted the temptation of getting into additional campuses which has ensured that they are able to deliver a truly remarkable global education experience.

first AICTE Approved Indian B-School to offer an International MBA Degree from Cardiff Metropolitan University, UK. UBS partnered with Thomson Reuters to develop Asia's first Global cross asset trading room to allow students to get live global markets experience. UBS follows the SPJIMR philosophy of limiting its intake to 300 students.

Universal Business School, Mumbai

Founded by Global CEOs Gurdip Anand, Babulal Varma and Tarun Anand, educated at JBIMS, SP Jain-Mumbai, Tuck B-School, Michigan B-School, IMD and IE B-School. UBS is endorsed by 60 CEOs and became the

Great Lakes Institute of Management, Chennai

Founded by Bala Balachandran of Kellogg School of Management fame, was established to compete with ISB, Hyderabad, with a vision to become the leading management institution in India providing Quality Education at an affordable cost. Great Lakes follows a Curriculum system where faculty and students live on Campus. Great Lakes has 357 students and has established another Campus in Gurgaon.

Financial Decision

The Return on Investment argument is clearly in favor of studying in India, as the costs range from rupees 10-20 Lacs as compared to an International MBA, costing between rupees 25-80 Lacs. If you are lucky to secure your admission in any of the four, your ROI could jump significantly, especially for the one year MBA program. But rest assured you will get a life changing experience where time will fly and you would be ready to take your step into a corporate career or turn an entrepreneur.

AFTER 7 YEARS, TATA CAPITAL BROKE THE PARTNERSHIP WITH SPJIMR AND COLLABORATED WITH UNIVERSAL BUSINESS SCHOOL FOR THE GRADUATE TRAINING PROGRAM

Tata Capital partners with Universal Business School for the Graduate Training program

Updated: Mar 22, 2017 22:20 IST

New Delhi [India], Mar.22 (ANI): Universal Business School (UBS) has entered into a three year JV agreement with Tata Capital to train the Graduate Trainee participants, which Tata Capital recruits and cherry picks after a stringent selection process from the best campuses across the country. The program is fully residential and is held at the UBS campus in Karjat.

Previously they were running this program with SPJIMR a Top 4 B-school in India for 7 years and have now moved to Universal Business School to improve the outcomes.

B-SCHOOLS WITH HIGHEST RETURN ON INVESTMENT IN INDIA

The ROI Myth busted at Indian B-Schools

Return on Investment (ROI) is emerging as a critical component on deciding which B-school should one select. It is clear that the ROI of any B-school is realised over several decades of corporate life as the MBA is just the start of one's career. However, students are keen to know the immediate ROI in this world of instant gratification.

Here is an analysis of the leading B-schools in India and their ROI calculated after three years from the date of stepping into the B-school (Based on statistics published on websites).

THE ONE YEAR MBA

The one year MBA program has significant advantages from an ROI perspective

ROI COMPARISON - 1 YEAR MBA V/S 2 YEARS PGDM

Year	PGDM - 2 years MBA - 1 year	
Year 1	Tuition Fee Rs.4.25 Lacs	Rs. 8.5 Lacs
Year 2	Tuition Fee Rs.4.25 Lacs	Nil
Year 3	Salary Income Rs.6.5 Lacs	Rs. 7.15 Lacs
Total Investment	Rs.8.5 Lacs	Rs.8.5 Lacs
Total Return	Rs.6.5 Lacs	Rs.13.65 Lacs
Absolute Return	(Rs.2 Lacs)	Rs.5.15 Lacs
ROI	Loss	Gain
	70%	160%

Note: Same Tuition Fee and Salary post MBA

compared to two year PGDM and only a few private B-schools in India offer it viz. ISB, Great Lakes, XLRI, IMI, IMT, UBS and SPJIMR.

The one year MBA started in Europe with leading B-schools like INSEAD, London Business School, Saïd (Oxford University) and Judge (Cambridge University) adopting it

as they recognized that the one year MBA was sufficient for learning management science and currently every B-school in Europe, UK, Singapore and Hong Kong has adopted the one year MBA model. The surprising aspect has been the USA, which traditionally provided a two year MBA. Over a third of the American B-schools have moved to the one year MBA model. Top B-schools like Columbia, Michigan, Cornell are adapting to the one year model by introducing in their second year internships, live projects and global immersion to compete with their European counterparts.

Companies do not distinguish between the one year and the two years MBA programs. They are looking for candidates who are adaptable, analytical, ability to work in teams with entrepreneurial mind-set along with core knowledge in their specialisation and the right can-do attitude. If students can achieve this earlier, then they are capable to lead and thrive in the corporate world.

The biggest advantage for the one year MBA is the one year saved in a student's life, his additional year of earning, ability to get promoted and most importantly the one year of additional experience. It is common knowledge that the

real learning is in the corporate world.

QUALITATIVE ASPECTS OF ROI

The investment in an MBA has significant ROI upside on these emerging global parameters.

grams.

GLOBAL DEGREE

B-schools that have global academic partnerships for delivery of the curriculum and pedagogy and are awarding globally recognized de-

grees will attract the best quality of students. SPJIMR and Universal Business School are leading the way with the GMP programs.

GLOBAL EXPOSURE

Programs which give students opportunities to mandatorily study in an international campus as part of the program and gain multi-cultural experience will create future Managers who can lead global organisations. SPJIMR, Universal Business School and IMT provide such opportunities.

Rank	B-Schools
1	FMS-Delhi
2	JBIMS-Mumbai
3	SIMSREE-Mumbai
4	IIT-Mumbai
5	Universal Business School-Mumbai

GLOBAL ACCREDITATION

B-schools that are adopting global international best practices in quality and global accreditation are being appreciated by MNCs who are keen to hire from such B-schools. Private B-schools like ISB (AACSB, EQUIS), SPJIMR (AMBA), XLRI (AACSB), IMT (AACSB), MDI (AMBA), Universal Business School (AMBA, AACSB, QAA), NMIMS (AMBA), TAPMI (AACSB), IMI (AMBA) and Great Lakes (AMBA) are providing globally accredited pro-
